### Theatre Experiences

**SATURDAY AUGUST 16, 2003**

**1:00p.m. - 1:45 p.m.**

Humor, fantasy and reality combine in this program of original music. *Insect Songs* helps to teach children (and their parents) about the habits of our little insect friends while encouraging us to respect their little insect lives and to live in harmony with them.

You will have so much fun "whizzing" and "zzzooming" in CDM's Lee and Diane Brandenburg Theatre that you'll never look at bugs in the same way ever again.
